Hi Folks:

Just an end of day update here. If everyone could please review Hanady's external FAQs ASAP, we'll have a chance at actually getting those posted to the web when we launch.

I've also attached the updated roll out plan for your review. We need to discuss who is calling whom for notifications on Friday morning and nail that down tomorrow during our call.

Hopefully we'll soon get the news release back so that we can incorporate any changes into all of our communications materials. We're waiting to hear back from external affairs on any edits they have received.

Please take a look at the FAQ document and the roll out plan tonight and give us your comments in the morning if at all possible.

Thanks!

Marianne

Hi everyone,

I've attached an external FAQ for review. Charles needs this ASAP because developing this web page is labor intensive on his end. If I could have edits to this by noon PST tomorrow that'd be great. I'm including just the key reviewers here, let me know if you want anyone else to weigh in.

Hanady
